

## **JRP Underwriting & ERGO Versicherung AG**

We pleased to announce that ERGO Versicherung AG (A Munich Re Group company) has acquired the entire share capital of JRP Insurance Management Ltd.

Munich Re group companies have been primary capacity providers to JRP since our launch in 2010 providing first class security and a platform for JRP and their partner brokers to expand their business.

David Phillips and the team will continue to lead the business confident in the knowledge that JRP capacity is assured for the future in what is an uncertain market.

We are grateful for the support of our broker partners and the valuable working relationships we have been able to form over the years.

Our flexible underwriting approach remains unchanged and as always our doors are open for business.

With Best Wishes

David Phillips

Managing Director
